Financial Highlights

The Grand Union Company and its Subsidiaries

	1958	1957
NET SALES	\$503,712,887	\$427,871,082
EARNINGS BEFORE TAXES	\$ 13,096,522	\$ 11,583,365
FEDERAL INCOME TAXES	\$ 6,650,000	\$ 5,770,000
NET EARNINGS	\$ 6,446,522	\$ 5,813,365
EARNINGS PER COMMON SHARE*	\$ 2.53	\$ 2.48
VALUE OF TOTAL INVENTORIES	\$ 44,885,460	\$ 30,694,791
NUMBER OF COMMON STOCKHOLDERS	8,149	6,206

* Based on the average number of shares outstanding during each period. The earnings per share for 1957 have been adjusted for the 5% common stock dividend paid May 29, 1958. Earnings per share are stated after dividends paid on the 4½% Cumulative Preferred Stock.

The Year in Review

To Stockholders of The Grand Union Company:

Grand Union continued its progress in the year 1958.

Sales set a new record, exceeding \$500,000,000 for the first time. Total earnings, too, showed an improvement.

Perhaps of even greater significance, Grand Union established itself firmly during the year as the recognized leader among major food chains in meeting growing consumer demand for virtually all household needs, food and non-foods as well, under one roof.

SALES AND PROFITS REACH NEW LEVELS

Sales of \$503,712,887 were achieved during the 52-week fiscal year ended February 28, 1959. This was an increase of 17.7% over the previous record of \$427,871,082 set by the company in the 52-week fiscal year of 1957.

Net profit was \$6,446,522 during fiscal 1958, compared to \$5,813,365 in the 1957 fiscal year. This was equal to \$2.53 per common share, based upon the average number of shares outstanding during the year, compared to \$2.48 per share based upon the average number of shares, outstanding during fiscal 1957, adjusted for the 5% stock dividend distributed on May 29, 1958.

Cash dividends were raised to an annual rate of \$.80 per share of common stock during 1958, an increase of 11.1% over the cash dividend of \$.72 per share paid in 1957.

DIRECTORS PROPOSE STOCK SPLIT

After the close of the 1958 fiscal year, the Directors at their meeting on April 10, 1959, proposed a 1½ for 1 split of the common stock of the company and an increase in the amount of authorized common stock from 4,000,000 to 6,000,000 shares. Both recommendations are subject to approval of the stockholders at the Annual Meeting on May 27, 1959.

Should approval be granted, it is the intention of the Directors to recommend that the new common stock be placed on a 60¢-a-share annual cash dividend basis. This rate, to be proposed at the meeting of the Board of Directors in July when consideration will next be given to dividend action, is equivalent to 90¢ per share on the present common stock. For the past year, the annual cash dividend rate on the stock has been 80¢.

A regular quarterly cash dividend of 20¢ per share on the common stock, and a stock dividend of 3%, both payable on May 11, 1959, to stockholders of record April 20, 1959, were voted by the Directors at their meeting on April 10.

CONTINUED EXPANSION MARKED YEAR

Forty-nine new stores were opened during 1958, a new record in construction for the company. Forty-two Grand Union markets and seven Grand-Way Discount Centers were put into operation in seven states and Canada. Another fourteen markets were enlarged and renovated. Seventy-seven stores were acquired.

New construction accounted for a total of 1,246,550 square feet of store space and acquisitions added 874,760

square feet. Thirty-five smaller, outmoded stores totaling 299,635 square feet were closed during the year.

At the end of fiscal 1958 Grand Union was operating 472 markets in eleven Eastern states, the District of Columbia and Canada, as compared to 381 stores in ten states at the close of 1957.

PACING THE REVOLUTION IN RETAILING

Keeping pace with a revolutionary change in consumer buying habits which in recent years has seen the housewife display a decided preference for buying nearly everything needed for the home in a single, large, conveniently located store, Grand Union opened seven Grand-Way Discount Centers in four states during 1958.

Offering a full supermarket line of some 7,500 food items, these Centers also give the customer a choice of up to 30,500 items of quality non-food merchandise ranging from major appliances to clothing for every member of the family. Organization costs have been heavy since a separate merchandising and buying organization had to be assembled. All such expenses have been charged against current earnings.

With the three Grand-Way Centers established in 1956-1957 and two opened since the beginning of the 1959 fiscal year, the company now has twelve such one-stop shopping centers in operation. Whereas earlier Grand-Ways were created by enlarging existing supermarkets, the newer Centers are especially designed to embody the results of the company's intensive experimentation in this new concept of retailing.

Grand-Way Centers are now to be found in Albany, Cortland, Nanuet, Poughkeepsie and Vestal, New York; East Brunswick, Keansburg and Paramus, New Jersey; Danbury and Stratford, Connecticut; Miami and West Hollywood, Florida.

Through them, Grand Union is bringing a new shopping experience to millions of customers. Benefiting from the application of the one-low-price-for-all principle, shoppers enjoy the advantages of discount savings on a wide variety of items hitherto not available in supermarkets.

DISTRIBUTION FACILITIES EXPANDED TO MATCH GROWTH

The increase in the number of Grand Union stores during the year was matched by a corresponding expansion of the company's distribution facilities.

The Metropolitan Distribution Center in Mount Kisco, New York, was completed with the opening of the unit's 180,000 square foot perishables warehouse. One of the largest warehousing facilities in the East, this 576,000 square foot Center insures efficient distribution of groceries, meat, produce and frozen foods to the constantly growing chain of Grand Union markets in the rapidly expanding New York metropolitan area.

Newest of the company's distribution centers is the 155,000 square foot warehouse and office building opened in Rexdale, Ontario, Canada last June. Headquarters for the Canadian Division, the new Center also provides up-to-date, streamlined service for the company's 38 Grand Union-Carroll's markets in Toronto and neighboring communities in the Province of Ontario.

In up-state New York, a 95,000 square foot addition to the Waterford Distribution Center just outside Albany was opened to provide added facilities needed to keep

pace with the increased volume of business in that area resulting from the acquisition of the Empire Supermarkets chain.

GRAND UNION EMPLOYEES PASS THE 15,000 MARK

Another significant milestone in Grand Union's history was passed in 1958 when the number of employees exceeded 15,000 for the first time. This is more than double the 6,700 men and women who made up the Grand Union family in 1952; half again as many as were with the company as recently as 1955.

Because Grand Union believes in promoting from within, more than \$1,000,000 was spent during the year on training programs designed to enable employees to undertake more responsible positions. The company's comprehensive program of personnel benefits, one of the finest in the food industry, was continued and, in a number of cases, liberalized. This program includes paid vacations and holidays, paid sick leave, group life insurance, retirement, hospitalization and medical care plans, employee stock option plans and bonus plans.

NEW GAINS FOR TRIPLE-S STAMPS

Continued effectiveness of trading stamps as a sales promotion aid during 1958 resulted in further expansion of activities by the Stop and Save Trading Stamp Corporation, wholly-owned subsidiary of The Grand Union Company which distributes Triple-S Blue Stamps.

Eight new Redemption Centers were opened during the year, bringing to 42 the number of Centers now serving the more than 2,750,000 shoppers who regularly save Triple-S Stamps. More than 3,200 leading retail outlets along the Eastern seaboard give Triple-S Stamps.

ROUTE DIVISION CONSOLIDATION COMPLETED

Consolidation of the Route Division for the most part was completed in 1958 and encouraging results obtained by concentrating direct-to-the-home sales in 12 Eastern states. The volume of the contracted Division now represents less than 1% of total sales of the company.

PROGRESS MADE BY EASTERN SHOPPING CENTERS, INC.

Two major shopping centers were opened in 1958 by Eastern Shopping Centers, Inc., realty affiliate of The Grand Union Company. Eastern was also named as developer and exclusive rental agent for one of the first major shopping centers to be built in Puerto Rico.

Prince Georges Plaza, newest and largest shopping center in the Washington, D. C. area, has more than 500,000 square feet of store space and parking for 4,000 cars. The Hecht Company and Grand Union were among the first of a score of major retailing organizations to open stores in the Plaza.

A new shopping center construction record was set when Eastern completed the 23-acre Cortez Plaza in Bradenton, Florida, seven months after ground was broken. More than 32,000 people visited the center, in which Grand Union is one of the principal tenants, on opening day in February.

First center outside the United States to be developed by Eastern, Plaza Comercial Santa Rosa is now under construction on a 20-acre site eight miles southwest of San Juan, capital of Puerto Rico. Scheduled to open

this Fall, the Plaza will have among its tenants the first Grand Union market to be constructed overseas.

With its first shopping center, Circle Plaza, now in full operation in Manasquan, New Jersey, plans well-advanced for construction of a 45-acre center in Vestal, N. Y. to serve residents in Binghamton, Endicott and Johnson City, studies under way of several additional locations in Florida, and an active real estate brokerage department, Eastern has since its organization in 1956 firmly established a reputation as one of the outstanding developers of shopping centers in the nation.

TWO NEW DIRECTORS ELECTED

Francis F. Randolph, investment banker and senior partner of J. & W. Seligman & Co., and Henry Schaffer, former head of Empire Super Markets, were elected to the Board of Directors during the year. Mr. Randolph is one of the nation's leading investment authorities and Mr. Schaffer, a pioneer in supermarketing, developed the highly successful Empire chain which joined Grand Union in June, 1958.

THE CONTINUING CHALLENGE

During the year the pace of the revolution in retailing continued. Supermarkets again faced the challenge of eliminating obsolete business methods and were increasingly concerned with attacks on the industry.

During the past twenty-five years, probably the most significant development in our nation has been the spectacular growth in the size of our institutions. We now have big government, big labor, big business, big agriculture and big education. Yet, as corporations and other institutions grow in size to meet the ever-changing and multiplying problems and needs of our society, we find the attitude among many that only in industry is bigness bad "per se."

The mounting attacks on "bigness" in the case of supermarket chains are also attacks on the consumer. Because of the increased operating efficiency of expanding chains, competition for the consumer's dollar has increased—not lessened. Legislation or any acts of government agencies designed to further the interests of special groups helps undermine a system that provides a higher standard of living for all the people than any other that has yet been devised. In this category are all attempts to fix prices by fair trade laws. They should be called "unfair trade" because they are unfair to the people whom we are serving—176 million consumers.

May I urge you in the public interest to help us resist all such unwarranted attacks and unsound legislation.

Despite many problems which our industry and, for that matter, all industry has to face, the soundness of our business and the competent and loyal efforts of our organization make us confident your company will continue to make satisfactory progress.

	<u>\$124,199,616</u>	<u>\$91,829,474</u>

NOTES TO FINANCIAL STATEMENTS

- 1 Cost of inventories is determined as follows: at warehouses, "average" or "first-in, first-out"; at retail outlets, "retail method."
- 2 Investment in affiliated company represents approximately 32% of the outstanding common stock of Eastern Shopping Centers, Inc., organized to acquire, develop and operate shopping centers. The net assets of Eastern Shopping Centers, Inc. at December 31, 1958 amounted to \$6,004,306.
- 3 The 4½% debentures are convertible into common stock on the basis of \$46 principal amount of debentures for each share of stock at February 28, 1959. The conversion price is subject to certain adjustments as specified in the indenture.
The 3½% debentures were called for redemption as of June 26, 1958.
- 4 The note agreements and the 4½% debenture indenture contain provisions as to the maintenance of working capital and payment of cash dividends. The most restrictive of these provides that consolidated working capital may not be less than \$14,500,000 and that payments for net acquisitions of the company's stocks and for cash dividends will be limited in the aggregate to 75% of the consolidated net earnings after March 2, 1957. At February 28, 1959, 75% of such consolidated net earnings exceeded such payments by approximately \$5,250,000.
- 5 The company, under employees' restricted stock option plans, has granted options to certain officers and employees to purchase shares of common stock at 95% of market price on the dates the options were granted. Options granted are exercisable

Auditors' Report

TO THE STOCKHOLDERS,

The Grand Union Company, East Paterson, New Jersey.

We have examined the consolidated balance sheets of The Grand Union Company and its subsidiaries as of February 28, 1959 and March 1, 1958, and the related statements of income and retained earnings and of capital surplus for the fifty-two week periods then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We were furnished with financial statements of certain domestic subsidiaries for the periods ended February 28, 1959 and March 1, 1958, together with the reports thereon of other accountants.

In our opinion, based upon our examination and upon the above-mentioned reports of other accountants, the accompanying balance sheets and related statements of income and retained earnings and of capital surplus (pages 4 to 6) present fairly the consolidated financial position of The Grand Union Company and its subsidiaries at February 28, 1959 and March 1, 1958, and the consolidated results of their operations for the fifty-two week periods then ended, in conformity with generally accepted accounting principles applied on a consistent basis.

New York, April 20, 1959.
